

PROFESSIONAL SUMMARY		
B.Tech Computer Technology student at DBATU (graduating 2027) with 3 internships at Meta, Sophos, and the Government of India. Built production-grade AI/ML systems, full-stack web applications, and security tools. Conducted an authorized penetration test that reduced attack surface by ~40%. Authored 3 peer-reviewed publications. CCNP/CCNA certified with 14+ verified certifications.		
PROFESSIONAL EXPERIENCE		
Jr. Network Analyst Intern - Meta Inc. <i>Network monitoring and infrastructure analysis across ~15,000 daily requests</i> - Monitored distributed network traffic (~15,000 daily requests); identified bottlenecks and reduced end-to-end latency by 12%. - Coordinated QA test cycles for feature releases; accelerated internal release readiness by 20%. - Built observability dashboards and incident-tracking views for service monitoring.	May 2023 - Aug 2023 Remote	
Jr. Security Analyst Intern - Sophos <i>Firewall, IDS/IPS, threat detection, remediation documentation, packet analysis</i> - Audited firewall and IDS telemetry across 200+ endpoints; improved threat-detection accuracy by 18%. - Tuned IDS rule sets, reducing false-positive alert volume by 10%; produced reusable remediation playbooks. - Investigated security events using Wireshark, log analysis, and MITM analysis.	Sep 2023 - Dec 2023 Remote	
Tech Support Intern - DPIIT, Government of India <i>Telecom infrastructure administration for 1,000+ users across critical government operations</i> - Administered telecom infrastructure for 1,000+ users across critical government operations. - Standardized troubleshooting procedures; reduced average incident resolution time by 15 minutes. - Supported zero-downtime hardware upgrades with telecom vendors.	Jan 2024 - Jun 2024 On-site	
KEY ACHIEVEMENTS		
- Authorized Penetration Test - North Maharashtra University (NMU), 2024: discovered OTP bypass vulnerability and five additional critical gaps during authorized security audit. - Delivered 20-page remediation report - attack surface reduced by ~40% post-implementation. - Aavishkar 2025 - Presented AI-based Phishing Detection System at state-level inter-college research competition.		
RESEARCH PUBLICATIONS		
- Patil K. - Multi-Angle Industrial Inspection Fusion: Viewpoint-Invariant Defect Detection. IJVRA, Mar 2026. 95.3% accuracy, AUC 0.991, 31.4 fps edge inference. - Patil K. - Thermal + Depth Fusion for Predictive Maintenance in Rotating Machinery. IJVRA, Apr 2026. Fault anticipation up to 72 hours before failure. - Patil K. - FONTA: Failure Ontology for LLM Agents. IJVRA, May 2026. 8 failure categories, 47 sub-types, 1,200 trials; AutoGPT failures reduced by 70.8%.		
KEY PROJECTS		
NAKSHATRAA - Vedic Kundli Intelligence Platform <i>Flask, Celery, Redis, Vite, Zustand, Docker</i> - Bilingual prediction platform with Dasha overlays, transit modelling, async PDF/email pipelines, rate limiting. - UI renders at 40+ FPS; architecture supports multi-language scale-out.	Feb 2026	
College ERP System <i>Django, PostgreSQL, Bootstrap, PythonAnywhere</i> - Full-stack ERP with Admin/Staff/Student roles, attendance, results, leave workflow, and live dashboards. - Portable launcher auto-creates venv, runs migrations, discovers free port - no manual setup needed.	Apr 2026	
Hospital Management System <i>PHP 8.x, CodeIgniter MVC, JSON Storage, PowerShell</i> - Doctors, appointments, INR billing, prescriptions, and 4-role RBAC with local JSON database (no MySQL needed). - Automated Windows startup via START.bat - bootstraps PHP runtime with no manual configuration.	May 2026	
Chikitsamedha - Pharmacological Interaction Checker <i>Flask, React, Docker, REST APIs</i> 7 REST endpoints, 100-medicine dataset, CYP450/contraindication checks, 0-100 risk scoring. - Fully offline Docker deployment for privacy-focused clinical use.	Nov 2025	
AGRO VISION 2.0 - AI-Verified Agricultural Remedies <i>Python, Pandas, AI Validation Pipelines</i> - Database covering 25+ diseases, 50 crops, 70+ CIBRC/ICAR-approved products for Maharashtra farmers. - Projected Rs. 10,000-30,000 seasonal savings per farmer; 165+ pages of documentation.	Sep 2025	
EDUCATION		
B.Tech - Computer Technology (Pursuing) Dr. Babasaheb Ambedkar Technological University (DBATU), Lonere Lateral entry via Diploma	Sep 2024 - Present (Expected 2027)	
Diploma - Computer Technology Maharashtra State Board of Technical Education (MSBTE)	Jun 2021 - Jun 2024	
12th - PCM Maharashtra State Board	Completed 2021	
TECHNICAL SKILLS & KEYWORDS		
Category	Skills	Type
Languages	Python, JavaScript, PHP, C, SQL	Production
AI / ML	CNNs, multi-view fusion, cross-modal attention, BiFPN, TensorRT FP16, Faster-Whisper, SpeechBrain, Pandas	Research + Applied
Backend	Flask, Django, CodeIgniter, REST APIs, Celery, Redis	Production
Frontend	React Hooks, Vite, Zustand, HTML5, CSS3, Bootstrap	Production
Security	Penetration testing, IDS/IPS, SIEM, MITM analysis, firewall auditing, threat hunting, cryptography	Production
Networking	CCNP/CCNA, routing & switching, VLAN, subnetting, Wireshark, packet analysis	Production
DevOps & DB	Docker, Docker Compose, Git, GitHub, PostgreSQL, SQLite, edge inference pipelines	Production
Tools	Linux, Windows, PythonAnywhere, PowerShell, REST clients, monitoring dashboards	Production

CERTIFICATIONS

- Cisco: CCNP - Routing & Switching (Apr 2026, valid 2029) | CCNA - Routing & Switching (Jun 2024, valid 2027)
- IBM: Cybersecurity Analyst Professional (Jun 2025) | Penetration Testing, Threat Hunting & Cryptography (Apr 2026) | Python for Data Science, AI & Development (May 2026) | Introduction to Cloud Computing (May 2026)
- Meta: Database Engineer (Sep 2025) | Data Analyst (Oct 2025)
- Google: IT Support Professional Certificate (Nov 2025) | AWS: Getting Started with ML (Jul 2025)
- Univ. of Michigan: Successful Negotiation (May 2026) | IIM Ahmedabad: Leadership Skills (Apr 2024)
- Coursera: Wireshark for Basic Network Security Analysis (May 2026)

ADDITIONAL

Mini Projects: Universal Image Tool (~70% size reduction) | LC Issuer App (automated certificate generation) | Secure Ops Dashboard
Languages: English | Hindi | Marathi
